The Swiss franc amount is calculated by reference to the published United Nations exchange rate applicable at the time of the approval of the Programme budget (May 2015: US\$1 = CHF0.948).

\*\*The 2017 assessment is indicative only. As WHO adopts the latest United Nations scale of assessment, the 2017 assessment is subject to change once the new scale of assessment for 2016-2018 is approved by the United Nations towards the end of 2015. The revised scale, adjusted for the different membership of WHO compared to the UN, will be presented to the EB in January 2016.
