URC ICD Worksheets

Section 1 of the URC ICD Worksheets – Ratification of proposals supported or supported with modifications after 2nd round of voting by URC for inclusion in ICD-10 (43 work items)

This section can be printed from the ICD-10+ platform. In the Search Text field enter “accepted in 2010” and then limit the results according to the proposal state “Accepted”. This will yield only those proposals that were accepted this year. The following proposals have been modified as suggested in comments from members. If these are proposals you have submitted, or had comments on, please review them for accuracy.

Accepted with modification:

URC #1701 Stenosis of aorta

URC #1759 Progressive supranuclear palsy

Five of the accepted proposals were submitted by the MRG for information only as no changes to the ICD were recommended.

Presented for information only:

URC # 1682 – Cerebral edema due to peritonitis

URC # 1684 – H1N1 and pregnancy (linked to URC #1708 which is to be discussed)

URC # 1746 – Osteomyelitis and gangrene

URC # 1747 – Paralytic syndromes and neoplasms

URC # 1748– Aortic aneurysm and giant cell arteritis

Section 2 of the URC ICD Worksheets – Proposals rejected by URC or withdrawn (11 work items)

- These items were designated for ICD-11 last year. They have been rejected from the ICD-10+ platform and forwarded to the appropriate TAGs.
 - URC # 1155 Edema of brain of fetus and newborn
 - URC #1164 Congenital occlusion of uterovesical orifice
 - URC #1224 Prion diseases
 - URC # 1225 Pox viruses
 - URC# 1326 Fracture of tooth
 - URC #1332 Dislocation of tooth
 - URC# 1574 Absence of arm congenital
 - URC# 1578 Cough variant asthma
- There are three (3) work items that appear to be rejected by the members in 2010. They are URC# 1729 Resistance to antineoplastics; URC #1733 Low-grade and high-grade squamous intraepithelial lesion and URC #1758 Occlusion of peripheral artery. These work items are included in the report “Update Proposals for Decision”.

Section 3 of the URC ICD worksheets – Proposals held over from last year (3 work items)

URC # 1390 – Epilepsy

URC # 1451 – Intracranial injury

URC # 1606 – Addition to URC #1156 Pyoderma gangrenosum (accepted in 2010)

Section 4 of the URC ICD Worksheets – Proposals to be considered for ICD-11 Revision (3 work items)

- URC #1288 ICD-11 rules, conventions and structure for morbidity reporting
- URC # 1293 Revision topics for topic advisory groups
- URC # 1475 Use cases for ICD

Section 5 of the URC ICD Worksheets – Proposals requiring further discussion (47 work items)

- This report should be run by selecting the ‘Update Proposals for Decision’ report on the Search/Filter/Report screen in the list of predefined searches.
