Cholera in Egypt and the Origins of WHO

How a lethal epidemic in 1947 prompted one of the earliest emergency responses in the history of WHO, generating issues that resonate to this day such as: how to combine relief with prevention, how to modernize quarantine regulations, and how to interact with different national and local health authorities.

Presenter: **Professor Marcos Cueto**, Universidad Peruana Cayetano Heredia, Lima, Peru.
Commentator: **Dr Elizabeth Fee**, Chief, History of Medicine Division, National Library of Medicine, Bethesda, USA.
