Eighth WHO meeting on development of influenza vaccines that induce broadly protective and long-lasting immune responses
23 and 24 August 2016
Sheraton Grand Chicago Hotel, Chicago, USA

Final List of Participants

Participants

Tim Alefantis, Director, Pre to Early Development Project Leader, R&D Global Projects, Sanofi Pasteur, Swiftwater, United States of America

William Kwabena Ampofo, Associate Professor & Head, Virology Department, Noguchi Memorial Institute for Medical Research, University of Ghana, Legon, Accra, Ghana

Gisela Barrera, Head of Respiratory Viruses Laboratory, Instituto de Diagnostico y Referencia Epidemiologicos, Mexico City, Mexico

Francesco Berlanda Scorza, Project Director, Influenza vaccines, PATH, Seattle, United States of America

Pamuk Bilsel, Chief Scientific Officer, FluGen Inc., Madison, United States of America

Joseph (Joe) S. Bresee, Chief, Epidemiology and Prevention Branch, Influenza Division, Centers for Disease Control and Prevention, Atlanta, United States of America

Richard (Rick) Bright, Director, US Department of Health and Human Services, Washington, United States of America

Wallace Bulimo, Virologist, Department of Emerging Infectious Diseases, US Army Medical Research Directorate, Nairobi, Kenya

Jonathan Bundy, Research Chemist, National Center for Environmental Health, Centers for Disease Control and Prevention, Chamblee, United States of America

Tawee Chotpitayasunondh, Senior Medical Consultant, Queen Sirikit National Institute of Child Health, Ministry of Public Health, Bangkok, Thailand

Gina Coleman, Chief, Clinical Evaluation Division, Health Canada, Ottawa, Canada

Benjamin Cowling, School of Public Health, Li Ka Shing Faculty of Medicine, The University of Hong Kong, Hong Kong

Pokfulam, People’s Republic of China

Manon Cox, President and Chief Executive Officer, Protein Sciences Corporation, Meriden, United States of America

Nancy J. Cox, Atlanta, United States of America

Rebecca Jane Cox, Professor and Head of Influenza Centre, Department of Clinical Science, University of Bergen, Bergen, Norway
Michelle Crank, Head, Translational Sciences Core, National Institute of Allergy and Infectious Diseases, Bethesda, United States of America

Rodney Daniels, Deputy Director of Worldwide Influenza Centre, Mill Hill Laboratory, The Francis Crick Institute, London, United Kingdom of Great Britain & Northern Ireland

Jorgen de Jonge, Senior Scientist, Center for Infectious Disease Control, National Institute of Public Health and the Environment (RIVM), Bilthoven, The Netherlands

Yulia Desheva, Senior Scientist, Virology, Federal State Budgetary Scientific Institution, Institute of Experimental Medicine, St. Petersburg, Russian Federation

Armen Donabedian, Senior Program Manager, Vaccine Advance Development, Biomedical Advanced Research and Development Authority, Washington DC, United States of America

Ruben Donis, Deputy Director, Influenza and Emerging Diseases Division, Biomedical Advanced Research and Development Authority, Washington DC, United States of America

Andrej Egorov, Chief Executive Officer & Chief Scientific Officer, Vacthera BioTech GmbH, Vienna, Austria

Othmar Engelhardt, Principal Scientist, Division of Virology, National Institute for Biological Standards and Control, a centre of the MHRA, Potters Bar, Herts, United Kingdom of Great Britain & Northern Ireland

Patricia E. Fast, International AIDS Vaccine Initiative, New York, United States of America

Anders Fomsgaard, Chief of Laboratory, Microbiological Diagnostic and Virology, Statens Serum Institut, Copenhagen, Denmark

Louis Fries III, Senior Vice President, Chief Medical, Clinical Development, Gaithersburg, United States of America

Henderik Frijlink, Professor, Pharmaceutical Technology and Biopharmacy, University of Groningen, Groningen, The Netherlands

Alicia Fry, Epidemiology and Prevention Branch, Centers for Disease Control and Prevention, Atlanta, United States of America

Adolfo García-Sastre, Icahn School of Medicine at Mount Sinai, New York, United States of America

Bruce Gellin, Deputy Assistant Secretary for Health, Director National Vaccine Program Office, Department of Health and Human Services, Washington DC, United States of America

Bradford (Brad) Gessner, Scientific Director, Agence de Médecine Préventive, Anchorage, United States of America

Sarah Gilbert, Professor of Vaccinology, The Jenner Institute, Oxford, United Kingdom of Great Britain & Northern Ireland

Hana Golding, Chief, Laboratory of Retrovirus Research, Division of Viral Products, FDA Center for Biologics Evaluation and Research (CBER), Bethesda, United States of America
Gunnveig Grodeland, K.G. Jebsen Centre for Influenza Vaccine research, Department of Immunology, University of Oslo, Oslo, Norway

William Gruber, Senior Vice President, Vaccine Clinical Research and Development, Pfizer, Pearl River, New York, United States of America

Neal A. Halsey, Professor, Department of International Health, Johns Hopkins University Bloomberg School of Public Health, Baltimore, United States of America

Jie-Long He, Individual Expert, Taipei, Taiwan, China

Penny Heaton, Director, Vaccine Development and Surveillance, Global Health Program, Bill & Melinda Gates Foundation, Seattle, United States of America

Jean-Michel Heraud, Chief, Virology, Institut Pasteur of Madagascar, Antananarivo, Madagascar

Anke Huckriede, Department of Medical Microbiology, University of Groningen, Groningen, The Netherlands

Aeron Hurt, WHO Collaborating Centre for Reference and Research on Influenza, Melbourne, Australia

Bruce Innis, Vice President, Research and Development, GlaxoSmithKline, King of Prussia, United States of America

Irina Isakova-Sivak, Senior Researcher, Department of Virology, Federal State Budgetary Scientific Institution, Institute of Experimental Medicine, St. Petersburg, Russian Federation

Daniel Jernigan, Deputy Director of Influenza Division, National Center for Immunization & Respiratory Diseases, Centers for Disease Control and Prevention (CDC), Atlanta, United States of America

Kari Johansen, Expert Influenza and other Vaccine Preventable Diseases, Surveillance and Response Support Unit, European Center for Disease Prevention and Control, Stockholm, Sweden

Nicole Kallewaard, Senior Scientist, Infectious Disease Research, MedImmune, Gaithersburg, United States of America

Sang-Moo Kang, Georgia State University, Atlanta, United States of America

Ruth Karron, Director, Center for Immunization Research, Johns Hopkins Bloomberg School of Public Health, Baltimore, United States of America

David C. Kaslow, Vice President, Product Development, PATH, Seattle, United States of America

Jacqueline M. Katz, Deputy Director, Influenza Division, Centers for Disease Control and Prevention (CDC), Atlanta, United States of America

Yoshihiro Kawaoka, Influenza Research Institute, Department of Pathobiological Sciences, School of Veterinary Medicine, University of Wisconsin-Madison, Madison, United States of America

Surender Khurana, US Food and Drug Administration, Silver Spring, United States of America
Andrey Komissarov, Senior researcher, Laboratory of Molecular Virology and Genetic Engineering, Research Institute of Influenza, St Petersburg, Russian Federation

Naoko Kono, Center for Influenza Virus Research, National Institute of Infectious Diseases, Tokyo, Japan

Florian Krammer, Assistant Professor, Department of Microbiology, Icahn School of Medicine at Mount Sinai, New York, United States of America

Anand Krishnan, Professor, Centre for Community Medicine, All India Institute of Medical Sciences, New Delhi, India

Nathalie Landry, Vice-President, Product Development, Research & Development, Medicago R&D Inc., Quebec, Canada

Vernon Lee, Adjunct Associate Professor, Saw Swee Hock School of Public Health, National University of Singapore, Singapore

Odile Leroy, Executive Director, European Vaccine Initiative, Heidelberg, Germany

Dave Liebowitz, Chief Medical Officer, Vaxart, Inc., South San Francisco, United States of America

Yipu Lin, Assistant director of WHO Collaborating Centre, The Francis Crick Institute, London, United Kingdom of Great Britain & Northern Ireland

I-Na Lu, Luxembourg Institute of Health, Esch-sur-Alzette, Luxembourg

Shabir A. Madhi, Director, National Institute for Communicable Diseases, Sandringham, Gauteng, South Africa; Professor of Vaccinology, University of the Witwatersrand, Johannesburg, South Africa

Kutub Mahmood, Scientific Director, Vaccine Development Global Program, PATH, Seattle, United States of America

Punam Mangtani, Senior Lecturer, Infectious Disease Epidemiology, London School of Hygiene and Tropical Medicine, London, United Kingdom of Great Britain & Northern Ireland

Kristin G-I Mohn, Departement of Clinical Sciences, University of Bergen, Bergen, Norway

Arnold Simon Monto, Epidemiology, The University of Michigan, Ann Arbor, United States of America

Emanuele Montomoli, Professor in Public Health, Molecular and Developmental Medicine, Siena, Italy

Kathleen Neuzil, Director, University of Maryland, Center for Vaccine Development, Baltimore, United States of America

Peter Palese, Professor and Chair, Department of Microbiology, Icahn School of Medicine at Mount Sinai, New York, United States of America

Peiris Malik, Professor, The University of Hong Kong, Hong Kong SAR, People's Republic of China

Michael Pfleiderer, Principal Consultant, Biopharma Excellence GbR, Munich, Germany

Joshua Phillipson, Business Development Manager, BiondVax Pharmaceuticals Ltd, Ness Ziona, Israel

Leo Poon, Centre of Influenza Research, The University of Hong Kong, Hong Kong Pokfulam, People's Republic of China
Alexander R Precioso, Director, Clinical Trials and Pharmacovigilance Division, Instituto Butantan, São Paulo SP, Brazil

Barbara A. Rath, Founder & Chair, Vienna Vaccine Safety Initiative, Berlin, Germany

Edmond Remarque, Immunologist, Parasitology, Biomedical Primate Research Centre, Rijswijk, The Netherlands

Gustaf (Guus) Rimmelzwaan, Virosceince, Erasmus Medical Center, Rotterdam, The Netherlands

Paul (Chris) Roberts, Program Officer, Viral Pathogens Clinical Research, National Institute of Allergy and Infection, Rockville, United States of America

Steven Rockman, Head TD Parkville, Director Global Process Innovation, Technical Development, The University of Melbourne, Parkville, Victoria, Australia

Theodore (Ted) Ross, Director, Center for Vaccines and Immunology, University of Georgia, Athens, United States of America

Larisa Rudenko, Head, Department of Virology, Federal State Budgetary Scientific Institution, Institute of Experimental Medicine, St. Petersburg, Russian Federation

Xavier Saelens, Ghent University, Ghent, Belgium

Eric A.F. Simoes, University of Colorado, Aurora, United States of America

James Southern, Advisor, Medicines Regulation, Ministry of Health, Simon's Town, South Africa

David Spiro, Chief, Respiratory Diseases Branch, National Institute of Allergy and Infectious Diseases, Rockville, United States of America

Liudmila Stepanova, Leader researcher, Department of Influenza vaccines, Research Institute of Influenza, Saint-Petersburg, Russian Federation

Gregory Stoloff, Chief Executive Officer, Peptcell Limited (SEEK), London, United Kingdom of Great Britain & Northern Ireland

Somchaiya Surichan, Head of Viral Vaccine Unit, Research and Development Institute (RDI), The Government Pharmaceutical Organization, Bangkok, Thailand

John Siu Lun Tam, Professor, Applied Biology and Chemical Technology, The Hong Kong Polytechnic University, Hong Kong, Hong Kong SAR, People's Republic of China

Nigel Temperton, Senior Lecturer, Pharmacy, University of Kent, Chatham, United Kingdom of Great Britain & Northern Ireland

Kelvin To, Microbiology, The University of Hong Kong, Hong Kong SAR, People's Republic of China

Theodore F. Tsai, Head, Policy Scientific Affairs, Takeda Vaccines, Inc., Cambridge, United States of America

Vadim Tsvetnitsky, Director, Vaccine Development (R&D), International AIDS Vaccine Initiative, New York, United States of America

Liudmila Tsybalova, Depute director, Research Institute of Influenza, St PETERSburg, Russian Federation
Sylvie van der Werf, Head, Laboratory of Molecular Genetics of RNA Viruses, Institut Pasteur, Paris, France

Cynthia Vazquez, Virology Department Head, Laboratorio Central de Salud Publica, Asuncion, Paraguay

Ralf Wagner, Section Viral vaccines, Paul-Ehrlich-Institut, Langen, Germany

Rahnuma Wahid, Senior Technical Officer, Vaccine Development, PATH, Seattle, United States of America

Niteen Wairagkar, Senior Program Officer, Pneumonia, Global Health, The Bill & Melinda Gates Foundation, Seattle, United States of America

Shinji Watanabe, National Institute of Infectious Diseases, Tokyo, Japan

Jerry Weir, Director, Division of Viral Products - Center for Biologics Evaluation and Research, Food and Drug Administration, Silver Spring, United States of America

Fredrick (Fred) Were, Dean, School of Medicine, University of Nairobi, Nairobi, Kenya

Suwit Wibulpolprasert, Vice Chair, International Health Policy Program Foundation (IHPF) and Health Intervention and Technology Assessment Foundation (HITAF), International Health Policy Program Foundation (IHPF), Ministry of Public Health, Nonthaburi, Thailand

Ponthip Wirachwong, Director of Biological Research Group, Research and Development Institute, The Government Pharmaceutical Organization, Bangkok, Thailand

Maria Zambon, Director, Reference Microbiology, Microbiology Services, Public Health England, London, United Kingdom of Great Britain & Northern Ireland
Secretariat

Nathalie El-Omeiri, Epidemiologist, Family gender and lifecourse/immunization, World Health Organization Regional Office for the Americas/Pan American Sanitary Bureau, Washington, DC, United States of America

Chiara Gerardi, Administrative Assistant, Initiative for Vaccine Research, World Health Organization, Geneva, Switzerland

Philip Gould, Medical Officer, Influenza, Health Security and Emergency Response, World Health Organization Regional Office for South-East Asia, New Delhi, India

Myriam Grubo, Technical Officer, Health Systems and Innovation, World Health Organization, Geneva, Switzerland

Joachim Maria Hombach, Senior Adviser, Initiative for Vaccine Research, World Health Organization, Geneva, Switzerland

Philipp Lambach, Medical Officer, Initiative for Vaccine Research, World Health Organization, Geneva, Switzerland

Justin Ortiz, Medical Officer, Initiative for Vaccine Research, World Health Organization, Geneva, Switzerland

Marc G. Perut, Technical Officer, Initiative for Vaccine Research, World Health Organization, Geneva, Switzerland

Alba Maria Ropero Alvarez, Advisor, Immunization, World Health Organization Regional Office for the Americas/Pan American Sanitary Bureau, Washington, DC, United States of America

Katalijn A.H Vandemaele, Medical Officer, Global Influenza Programme, World Health Organization, Geneva, Switzerland

Wenqing Zhang, Scientist, Global Influenza Programme/Virus Monitoring, Assessment and Vaccine Support, World Health Organization, Geneva, Switzerland

Weigong Zhou, Medical Officer, Influenza, Hepatitis and PIP Framework, World Health Organization, Geneva, Switzerland

Julian Hickling, Working In Tandem, Cambridge, United Kingdom of Great Britain & Northern Ireland

Rebecca Jones, Working In Tandem, Cambridge, United Kingdom of Great Britain & Northern Ireland
