

# Countries<sup>1</sup> with risk of yellow fever transmission<sup>2</sup> and countries requiring yellow fever vaccination

Country	Country with risk of yellow fever transmission	Country requiring yellow fever vaccination for travellers <sup>3</sup> arriving from	
		countries with risk of yellow fever transmission (age of traveller)	all countries (age of traveller)
Afghanistan		Yes	
Albania		Yes (> 1 year)	
Algeria		Yes <sup>4</sup> (> 1 year)	
Angola	Yes		Yes (> 9 months)
Antigua and Barbuda		Yes (> 1 year)	
Argentina	Yes		
Australia		Yes <sup>4</sup> (> 1 year)	
Bahamas		Yes <sup>4</sup> (> 1 year)	
Bahrain		Yes <sup>4</sup> (> 9 months)	
Bangladesh		Yes (> 1 year)	
Barbados		Yes (> 1 year)	
Belize		Yes <sup>5</sup> (> 1 year)	
Benin	Yes	Yes <sup>5</sup> (> 1 year)	
Bhutan		Yes <sup>5</sup>	
Bolivia (Plurinational State of)	Yes	Yes (> 1 year)	
Botswana		Yes <sup>5</sup> (> 1 year)	
Bonaire, Saba, Sint Eustatius		Yes (> 6 months)	
Brazil	Yes	Yes (> 9 months)	
Brunei Darussalam		Yes <sup>4</sup> (> 1 year)	
Burkina Faso	Yes	Yes <sup>5</sup> (> 9 months)	
Burundi	Yes		Yes (> 1 year)
Cabo Verde		Yes <sup>4</sup> (> 1 year)	
Cambodia		Yes <sup>4</sup> (> 1 year)	
Cameroon	Yes	Yes <sup>4</sup> (> 9 months)	
Central African Republic	Yes		Yes (> 9 months)
Chad	Yes	Yes	
China		Yes <sup>4</sup> (> 9 months)	

<sup>1</sup> For the purpose of this publication, the terms “country” and “countries” refer to countries, territories and areas.

<sup>2</sup> Risk of yellow fever transmission is defined as yellow fever being currently reported or having been reported in the past and the presence of vectors and animal reservoirs representing a potential risk of infection and transmission.

<sup>3</sup> Country requirements are subject to change at any time. It is important for travellers to ensure that they know the requirements of the country to which they are travelling by checking with the relevant consulate or embassy.

**Period of validity:** in accordance with the amendment to the IHR (2005) adopted by the World Health Assembly in resolution WHA67.13, **from 11 July 2016 the period of validity for all certificates of vaccination against yellow fever changes from 10 years to the duration of the life of the person vaccinated, including for certificates already issued and new certificates.** Accordingly, as of 11 July 2016, valid certificates of vaccination presented by arriving travellers cannot be rejected on the grounds that more than 10 years have passed since the date on which vaccination became effective, as stated on the certificate. Boosters or revaccination cannot be required.

<sup>4</sup> Includes yellow fever vaccination requirement for travellers having transited more than 12 hours through the airport of a country with risk of yellow fever transmission.

<sup>5</sup> Includes yellow fever vaccination requirement for travellers having transited through the airport of a country with risk of yellow fever transmission.

Country	Country with risk of yellow fever transmission	Country requiring yellow fever vaccination for travellers <sup>3</sup> arriving from	
		countries with risk of yellow fever transmission (age of traveller)	all countries (age of traveller)
Christmas Island		Yes <sup>4</sup> (> 1 year)	
Colombia	Yes	Yes <sup>4</sup> (> 1 year)	
Congo	Yes		Yes (> 9 months)
Costa Rica		Yes (> 9 months)
