Notes:

- 1) In most cases, two email addresses are provided for WHO country offices. The first is the main office email, while the second is for the resident WHO Representative.
- 2) Government email addresses tend to change frequently and in some cases may be unreliable. Emails inquiries can be routed through WHO country offices if necessary.
- 3) Countries may have more than one resident ILEP member. See the ILEP website for a key to individual ILEP members: www.ilep.org.uk
