Leprosy: new case detection rates, beginning of 2007

The boundaries and names shown and the descriptions used on this map do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

New case detection rates (per 100 000 population)

- Less than 10
- 10 - 16
- 16 - 22
- 22 and above
- 0 (no cases reported)
- No data
