I. Epidemiological profile

Population

<table>
<thead>
<tr>
<th>High transmission (&gt;1 case per 1000 population)</th>
<th>Low transmission (0–1 cases per 1000 population)</th>
<th>Malaria-free (B) Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>2013</td>
<td>17360000</td>
<td>0</td>
</tr>
</tbody>
</table>

Primaquine distributed vs reported

Parasites and vectors

- Major plasmodium species: P. falciparum (100%), P. vivax (20%)

II. Intervention policies and strategies

Intervention | Policies/strategies | Year adopted | Yes/No
--- | --- | --- | ---
ITN | ITNs/LINs distributed free of charge | 2001 | Yes
ITNs/LINs distributed to all age groups | 2009 | Yes
IRS | IRS is recommended | 2007 | Yes
DOT is authorized for IRS | No | No
Larval control | Use of larval control recommended | 2010 | Yes
IPT | IPT used to prevent malaria during pregnancy | 2004 | Yes
Diagnosis | Patients of all ages should receive diagnostic test | 2010 | Yes
Malaria-free is free of charge in the public sector | Yes | Yes
Treatment | ACT is free for all ages in public sector | 2009 | Yes
Artemisinin-based monotherapies withdrawn | No | No
Single dose of primaquine is used as gametocidal medicine for P. falciparum | No | No
Primaquine is used for radical treatment of P. vivax | No | No
GIS/GIS test is a requirement before treatment with primaquine | No | No
Directly observed treatment with primaquine is undertaken | No | No
System of monitoring adverse reactions to antimalarials exists | Yes | Yes

III. Financing

Sources of financing

<table>
<thead>
<tr>
<th>Year</th>
<th>Government</th>
<th>Global Fund</th>
<th>World Bank</th>
<th>USAID/PMI</th>
<th>WHO/UNICEF</th>
<th>Others</th>
</tr>
</thead>
</table>

IV. Coverage

ITN and IRS coverage

<table>
<thead>
<tr>
<th>Year</th>
<th>Population (%)</th>
<th>Cases tracked (%)</th>
<th>Cases tested and treated in public sector (%)</th>
<th>Test positivity (%)</th>
</tr>
</thead>
</table>

V. Impact

Confirmed malaria cases per 1000 and ABER

Malaria admissions and deaths (per 100 000)

Impact: Insufficiently consistent data to assess trends
