I. Epidemiological profile

Population 2014 %
High transmission (>1 case per 1000 population) 135,600,000 76
Low transmission (0-1 cases per 1000 population) 41,900,000 24
Total 177,500,000

II. Intervention policies and strategies

III. Financing

Sources of financing

IV. Coverage

ITN and IRS coverage

V. Impact

Confirmed malaria cases per 1000 and ABER

Parasites and vectors

Major plasmodium species
- P. falciparum (100%)
- P. vivax (10%)
- P. ovale (1%)
- P. malariae (1%)

Impact: Insufficient data to assess trends
