

Nurturing Care Framework
First Online Global Consultation – Online Consultation Questions
24 January – 6 February, 2018

Please note that this document is for reference only. Only responses provided via the online questionnaire will be considered. To participate in the online consultation go to:
www.who.int/nurturingcarechild

Page 1

Please read the Nurturing Care Framework prior to completing this online consultation or have it open beside you as you complete the questions. You will need approximately 20 minutes to complete the online consultation (not including reading time). You may provide your responses in Arabic, Chinese, English, French, Portuguese, Russian, or Spanish. Thank you for taking the time to participate in the first online consultation of the Nurturing Care Framework.

Page 2 (Respondent Background)

(Page 3) The Nurturing Care Framework

Questions on this page are optional.

10. Does the title: *Nurturing care for early childhood development: Outline of a global framework for action and results* capture the scope and objective of the framework?

Yes

No

No Answer

Please enter your comment here (max 200 words)

11. Does the Nurturing Care Framework provide a clear explanation of what nurturing care means?

Yes

No

No Answer

Please enter your comment here (max 200 words)

12. Does the Nurturing Care Framework provide a clear explanation of the domains of nurturing care and how to achieve nurturing care working across multiple sectors?

Yes

No

No Answer

Please enter your comment here (max 200 words)

13. The Nurturing Care Framework uses various terms throughout the document. Every effort has been made to use consistent terminology that is applicable across contexts.

13a. Please list any terms that you think need to be clarified or changed to be understood and relevant for your context. (max 200 words)

13b. For each term you identified, what changes would you suggest? (max 200 words)

14. Does the Nurturing Care Framework adequately capture the following?

Check any that apply

- the importance of the first 1000 days within a broader life course perspective
- the importance of a multi-sectoral approach
- the role that different sectors play to make nurturing care happen
- the unique role of the health sector, particularly in the first 1000 days
- recognition that countries are already making progress in supporting nurturing care and that the aim is to build on and enhance what is already in place, rather than to start over.

14a. For those you feel are not adequately captured, what changes would you suggest? (max 200 words)

14b. Please list any other messages you feel could be added or strengthened. For those you identified, what changes would you suggest? (max 200 words)

15. The Nurturing Care Framework proposes six guiding principles:

- Early means early
- Life course approach
- Family-centred care
- Enabling environment
- Leaving no one behind
- Multi-sectoral

Would you suggest any changes to these?

Yes

No (please enter suggested changes in the comments box)

No Answer

Please enter your comment here (max 200 words)

16. The Nurturing Care Framework proposes five strategic actions.

1. Provide leadership and invest in nurturing care from conception through the early years.
2. Build quality responsive systems and community services to support nurturing care.
3. Empower families and communities to be the foundation for children's development.
4. Monitor implementation and account for results.
5. Innovate for scale-up and strengthen the evidence.

We seek to understand whether the five proposed strategic actions resonate with you. Have we chosen the right ones?

Yes

No (please enter suggested changes in the comments box)

No Answer

Please enter your comment here (max 200 words)

17. Do you have any comments on the five strategic actions and accompanying proposed actions at the country level?

17a: Suggested changes for Strategic Action 1 and accompanying proposed actions at the country level (max 200 words).

17b: Suggested changes for Strategic Action 2 and accompanying proposed actions at the country level (max 200 words).

17c: Suggested changes for Strategic Action 3 and accompanying proposed actions at the country level (max 200 words).

17d: Suggested changes for Strategic Action 4 and accompanying proposed actions at the country level (max 200 words).

17e: Suggested changes for Strategic Action 5 and accompanying proposed actions at the country level (max 200 words).

18. The final Nurturing Care Framework will include global and national milestones to be reached by 2020 and 2025. Please provide your suggestion of milestones to include in the final document (maximum 5).

19. Can you see yourself using the Nurturing Care Framework in your work or context? If yes, please explain how. If no, please suggest what could be added/changed/removed to make the Nurturing Care Framework useful for you. (max 200 words)

20. Please provide any other comments which have not been captured through the responses above on the Nurturing Care Framework. (max 600 words)

20a. Please upload an attachment with additional comments, if necessary. (max 600 words)

Page 4 - closing

Thank you for taking the time to provide your feedback on the first draft of the Nurturing Care Framework. All comments received will be synthesized and inform development of the second draft of the Nurturing Care Framework.

Next steps:

- Visit www.who.int/nurturingcarechild to learn more about the Nurturing Care Framework online and face-to-face consultations. A summary of the comments provided during the first online consultation of the Nurturing Care Framework will be posted at the above link in March.
- Send an email to NurturingCare@who.int if you are interested in receiving updates about events or this process.
