Health in Sustainable Development Planning: The Role of Indicators

Figure 13	Trends in Sulfur Dioxide Concentrations, 1977-1992	66
Figure 14	Per Capita Emissions of Carbon Dioxide for the 15 Countries with the Highest Industrial Emissions, 1991	67
Figure 15	Blood Lead Concentrations in Children, Cape Town, South Africa	68
Figure 16	Number of Local Authorities with LA21 Strategies (United Kingdom)	75
Figure 17	A General Partnership Model for Sustainable Development Planning	81
Figure 18	Pressure-State-Response Framework	106
Figure 19	Modification of the Pressure-State-Response Framework	106
Figure 20	Pressure-State-Impact-Response Framework	107
Figure 21	D-P-S-E-A Framework (Driving Forces, Pressures, State, Exposures, Health Effects and Actions)	108
Figure 22	Multiple Sources and Pathways of Exposure: the Example of Lead	114
Figure 23	Pollution Levels in Soweto, South Africa	114
Figure 24	Acute Respiratory Infections in Relation to Factors Associated with Housing	123
Figure 25	Transport	126

List of Boxes

Box 1	Factors Affecting Health in the Twenty-First Century	12
Box 2	Health Sector Responsibilities	18
Box 3	The European Environment Agency (EEA) – Typology of Environmental Indicators	23
Box 4	General Criteria for Indicators	49
Box 5	Criteria for Indicators of Use for International Purposes	49
Box 6	Criteria for Indicators of Use for Local Purposes	50
Box 7	Key Issues for the Comprehensibility of Indicators	61
Box 8	Factors for Presentation of Indicators	61
Box 9	Local Government Responsibilities	74
Box 10	Ingredients for Success of Partnerships	82
Box 11	Targets of the Health-for-All Initiative	93
Box 12	Examples of “Driving Force” Indicators	109
Box 13	Examples of Indicators Associated with Various Pressures	110
Box 14	Examples of Indicators of the State of the Environment	112
Box 15	Examples of Direct and Indirect Indicators of Exposures	115
Box 16	Examples of Health Effects Indicators	117
Box 17	Examples of “Action Indicators”	119
Box 18	Examples of Housing-Related Indicators	122
Box 19	Examples of Transport-Related Indicators	125
Box 20	Examples of Agriculture-Related Indicators	128
Box 21	Examples of Air Pollution-Related Indicators	130
Box 22	Examples of Water-Related Indicators	133
