National systems response to NCDs

- Has an operational NCD unit/branch or department within the Ministry of Health, or equivalent: No
- Has an operational multisectoral national policy, strategy or action plan that integrates several NCDs and shared risk factors: No
- Has an operational policy, strategy or action plan to reduce the harmful use of alcohol: No
- Has an operational policy, strategy or action plan to reduce physical inactivity and/or promote physical activity: No
- Has an operational policy, strategy or action plan to reduce the burden of tobacco use: Yes
- Has an operational policy, strategy or action plan to reduce unhealthy diet and/or promote healthy diets: No
- Has evidence-based national guidelines/protocols/standards for the management of major NCDs through a primary care approach: Yes
- Has an NCD surveillance and monitoring system in place to enable reporting against the nine global NCD targets: No
- Has a national, population-based cancer registry: No

*The mortality estimates for this country have a high degree of uncertainty because they are not based on any national NCD mortality data (see Explanatory Notes).
