Call for TDR International Postgraduate Scholarship on Implementation Science for 2017

Academic Year

Application deadline for Masters Degree Programme: 31 July 2016
Application deadline for PhD Degree Programme: 31 August 2016
Application deadline for TDR scholarship: 31 August 2016

DESCRIPTION
The University of the Witwatersrand’s School of Public Health announces a call for full-time Master and Doctoral Degree Programmes in the field of Implementation Science. The award for the programmes is provided by TDR, the Special Programme for Research and Training in Tropical Diseases hosted at the World Health Organization (WHO) in Geneva, Switzerland.

The degree programmes are open to candidates from a range of disciplines including Clinical and other health-related fields; Statistics and other quantitative fields, as well as Demography and Social Sciences. The degree programmes should also appeal to candidates who want to become more involved in research in health-related fields.

Training will be focused on courses relevant to a career in implementation science. Implementation science is a growing field that supports the identification of health system bottlenecks and approaches to address them, and is particularly useful in low- and middle-income countries where many health interventions do not reach those who need them. The goal of this scheme is to enhance graduate training capacity and boost the number of researchers and practitioners in low and middle-income countries. Further information on implementation research is available from: www.who.int/tdr/publications/topics/tr-toolkit/en

DEGREE PROGRAMMES ON OFFER

- MSc Epidemiology in the field of Implementation Science (18 months full-time)
- PhD in Implementation Science within the Interdisciplinary PhD Programme in Public and Population Health (36 months full-time). Applicants into this PhD programme are required to sit for and pass the five Implementation Science core courses.
ELIGIBILITY

- The scholarship is open to nationals of low and middle income countries in the WHO African Region that are resident in the region. (http://data.worldbank.org/about/country-and-lending-groups#Sub_Saharan_Africa)
- Applicants should normally be under 35 years for the Master Programme and under 40 years for the PhD Programme.
- Meet the University requirements for the level of degree applied for.

SCHOLARSHIP PACKAGE

The scheme will provide full scholarships for nine Masters and two PhD Fellows in the 2017 academic year and covers the following:

- Return economy air fare
- Tuition fees and basic medical and accident insurance
- A monthly stipend to cover living expenses.
- An allowance towards the costs of recommended learning materials (reference text books and a laptop)
- Support for the Masters or PhD research project expenses and supervision
- Payment for an intensive English language course (where necessary) to improve the grantee’s academic performance

Further, recipients’ careers will be tracked with the new TDR Global alumni and stakeholder platform that will monitor the impact of the programme, as well as networking and increased visibility opportunities for the Fellows.

HOW TO APPLY

The application process is two-fold.

1. Application to the University of the Witwatersrand

Apply for the desired level of study by completing a Wits postgraduate application form online at: http://www.wits.ac.za/postgraduate/applications/ Application fee is R200 for both international and local applications. Applicants should note to apply for accommodation also.

Application deadlines are:
31 July 2016 for the MSc Programme and
31 August 2016 for the PhD Programme

For more information on applications, please go to: www.wits.ac.za/askwits for general application queries or
Mrs. Gloria Bowe (Gloria.Bowes@wits.ac.za) for the MSc Programme related queries and Mr. Paul Bohloko (Paul.Boholoko@wits.ac.za) for the PhD Programme related queries.

2. Application for the TDR scholarship
The application for the TDR scholarship should be made separately in writing and should include the following documents:
   a. A letter of motivation
   b. A certified copy of the bio-data page of the passport
   c. Evidence of application to study Implementation Science as the field of study in the MSc Epidemiology Programme at the University of the Witwatersrand or the Interdisciplinary PhD Programme of the School of Public Health commencing in the 2017 academic year
   d. A comprehensive curriculum vitae including a description of relevant research and work experience
   e. Two confidential referee reports should be sent directly by the referees to Mrs. Gloria Bowes (Gloria.Bowes@wits.ac.za).

The application deadline for TDR scholarships is 31 August 2016 for both the MSc and PhD Programmes.

Scholarship applications should be sent to: Mrs. Gloria Bowes (Gloria.Bowes@wits.ac.za) and copied to Dr. Latifat Ibisomi (Latifat.Ibisomi@wits.ac.za).
