How to Integrate Water, Sanitation and Hygiene into HIV Programmes

In press - Noted

2010 ISBN : 9789241548014 Order number : 11500791

CHF 30,00 / US\$ 30,00 Developing country : CHF 21,00

Water, sanitation and hygiene (WASH) practices are essential for maintaining people's health and dignity. People with human immunodeficiency virus (HIV) have an increased risk of diarrhoeal diseases, which can decrease their life expectancy and quality of life, and increase the burden on their families and caregivers. .../...

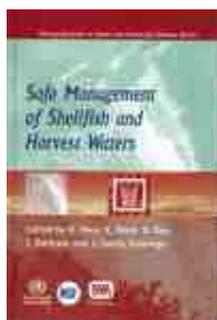

Progress on Sanitation and Drinking-water: 2010 Update

2010 ISBN : 9789241563956 Order number : 11502738

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

This report describes the status and trends with respect to the use of safe drinking water and basic sanitation and progress made towards the MDG drinking water and sanitation target.

As the world approaches the 2015, it becomes increasingly important to identify who are left behind and to focus on the challenges of addressing their needs. .../...

Safe Management of Shellfish and Harvest Waters

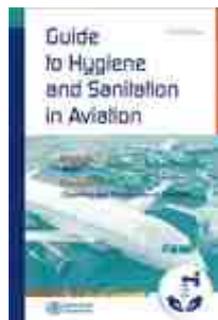

Rees, G., Pond, K., Kay, D., Bartram, J., Santo Domingo, J.

2010 ISBN : 9789241563826 Order number : 11500758

CHF 100,00 / US\$ 100,00 Developing country : CHF 70,00

Unsafe water used for bivalve shellfish growing causes outbreaks of disease in both developed and developing countries worldwide. Scientists and regulators agree that change is required so that monitoring and management better reflect risks to shellfish consumers. .../...

Guide to Hygiene and Sanitation in Aviation

2009 ISBN : 9789241547772 Order number : 11503062

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

The third edition of the Guide to Hygiene and Sanitation in Aviation addresses water, food, waste disposal, cleaning and disinfection, vector control and cargo safety, with the ultimate goal of assisting all types of airport and aircraft operators and all other responsible bodies in achieving high standards of hygiene and sanitation, to protect travellers and crews engaged in air transport. .../...

Integrating Poverty and Gender into Health Programmes: A Sourcebook for Health Professionals

2009 ISBN : 9789290614449 Order number : 15209076

CHF 10,00 / US\$ 10,00 Developing country : CHF 7,00

This module is designed to improve the awareness, knowledge and skills of health professionals regarding poverty and gender concerns in actions to improve access to clean water, adequate sanitation and safe food.

The module is divided into six sections: Section 1 defines clean water, adequate sanitation and safe food, as well as waterborne and foodborne hazards and diseases. .../...

Water Sanitation and Hygiene Standards for Schools in Low-cost Settings

Adams, J., Sims, J., Chartier, Y., Bartram, J.

2009 ISBN : 9789241547796 Order number : 11500770

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

Adequate provision of water supply, sanitation, hygiene and waste management in schools has a number of positive effects and contributes to a reduced burden of disease among children, staff and their families. Such interventions also provide opportunities for greater gender equity in access to education, and create educational opportunities to promote safe environments at home and in communities. .../...

Training Workbook on Water Safety Plans for Urban Systems

2009 ISBN : 9789290614029 Order number : 15200122

CHF 10,00 / US\$ 10,00 Developing country : CHF 7,00

Every year, thousands of deaths due to diarrhea, cholera, typhoid and other gastrointestinal diseases have been attributed to poor water, sanitation and hygiene not just in this region but globally. Diarrheal diseases could be avoided if water suppliers would ensure the safety of drinking water from source to consumer. .../...

Water Supply and Sanitation Sector Assessments

2009 ISBN : 9789290614180 Order number : 15200129

CHF 10,00 / US\$ 10,00 Developing country : CHF 7,00

This document is intended to serve as an instrument for governments to establish a sector assessment process in their respective countries, and to generate national performance assessments of the water supply and sanitation sector recurrently. It provides orientation on how to build up a sustainable process, rather than being merely a tool to prepare sector assessment reports. .../...

Natural Ventilation for Infection Control in Health-care Settings

Atkinson, J., Chartier, Y., Pessoa-Silva, C.L., Jensen, P., Li, Y., Seto, W.H.

2009 ISBN : 9789241547857 Order number : 11500771

CHF 30,00 / US\$ 30,00 Developing country : CHF 21,00

In this new guideline, natural ventilation is considered for the first time among the effective measures to control infections in health care. Such a recommendation from WHO demonstrates a growing recognition of the role of ventilation and natural ventilation for infection control. .../...

Water Safety Plan Manual

2009 **ISBN :** 9789241562638 **Order number :** 11500575

CHF 20,00 / US\$ 20,00 Developing country : CHF 10,00

In 2004, the WHO Guidelines for Drinking Water Quality recommended that water suppliers develop and implement "Water Safety Plans" (WSPs) in order to systematically assess and manage risks. Since this time, governments and regulators, water suppliers and practitioners have increasingly embraced this approach, but they have also requested further guidance. .../...

Sanitation, Hygiene and Drinking-water in the Pacific Island Countries

Temp. out of stock - Noted

2008 **ISBN :** 9789290614012 **Order number :** 15200115

CHF 10,00 / US\$ 10,00 Developing country : CHF 7,00

This new publication reveals that the numbers of people in the Pacific island countries served with some form of improved sanitation rose from 2.9 million in 1990 to 4.0 million in 2006. Despite this impressive achievement, the proportion of people served in 2006 was still barely 48% of the overall population. .../...

WSH CD-ROM Water, Sanitation and Health Electronic Library, Fifth Edition

2008 **ISBN :** 9789240560260 **Order number :** 09905013

CHF 390,00 / US\$ 390,00 Developing country : CHF 100,00

The Water, Sanitation and Health electronic library, 5th edition, includes more than 220 documents of new and current publications. The documents provide information on water supply and sanitation, recreational/bathing waters, achieving the Millennium Development Goals on water, sanitation and hygiene, drinking-water quality, water resources management and health-care waste. .../...

Chemical Safety of Drinking-water: Assessing Priorities for Risk Management

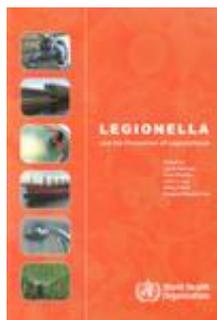

Thompson, T., Fawell, J., Kunikane, S., Jackson, D., et al.

2007 **ISBN :** 9789241546768 **Order number :** 11500630

CHF 40,00 / US\$ 40,00 Developing country : CHF 28,00

This book provides guidance on the chemical safety of drinking-water. Chemical contaminants of drinking-water are often considered a lower priority than microbial contaminants, because adverse health effects from chemical contaminants are generally associated with long-term exposures, whereas the effects from microbial contaminants are usually immediate. .../...

List of WHO publications: Water Supply, Sanitation

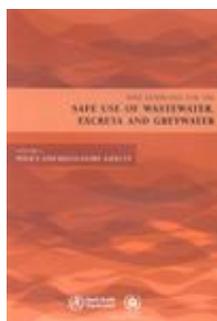

Legionella and the Prevention of Legionellosis

Bartram, J., Chartier, Y., Lee, J.V., Pond, K., Surman-Lee, S.

2007 **ISBN :** 9789241562973 **Order number :** 11500633

CHF 40,00 / US\$ 40,00 Developing country : CHF 28,00

Water is the major natural reservoir for legionellae, and the bacteria are found worldwide in many different natural and artificial aquatic environments, such as cooling towers, water systems in hotels homes, ships and factories, respiratory therapy equipment, fountains misting devices and spa pools. .../...

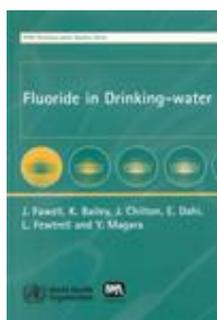

WHO Guidelines for the Safe Use of Wastewater, Excreta and Greywater

2006 **ISBN :** 9789241546829 **Order number :** 11501653

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

The third edition of the WHO Guidelines for the safe use of wastewater, excreta and greywater has been extensively updated to take account of new scientific evidence and contemporary approaches to risk management. The revised Guidelines reflect a strong focus on disease prevention and public health principles. .../...

Fluoride in Drinking-water

Fawell, J., Bailey, K., Chilton, J., Dahi, E., et al.

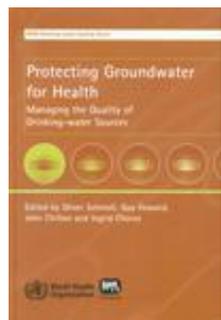

2006 **ISBN :** 9789241563192 **Order number :** 11500668

CHF 70,00 / US\$ 70,00 Developing country : CHF 49,00

Fluoride is known to occur at elevated concentration in a number of parts of the world where it can be a significant cause of disease.

The primary focus of this book is the prevention of adverse health effects from excessive levels of fluoride in drinking-water. .../...

List of WHO publications: Water Supply, Sanitation

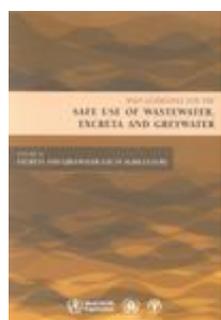

Protecting Ground Water for Health

2006 ISBN : 9789241546683 Order number : 11500625

CHF 160,00 / US\$ 160,00 Developing country : CHF 112,00

Protecting drinking-water resources is a key barrier in preventing health effects from pathogens and toxic chemicals. Effective action builds on cooperation amongst practitioners in many fields - drinking-water supply, health environment, land-use planning, agriculture and many more. .../...

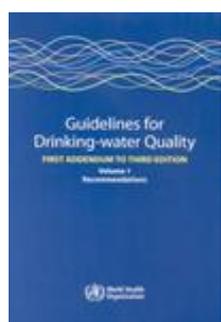

WHO Guidelines for the Safe Use of Wastewater, Excreta and Greywater

2006 ISBN : 9789241546850 Order number : 11504653

CHF 70,00 / US\$ 70,00 Developing country : CHF 49,00

The third edition of the WHO Guidelines for the safe use of wastewater, excreta and greywater has been extensively updated to take account of new scientific evidence and contemporary approaches to risk management. The revised Guidelines reflect a strong focus on disease prevention and public health principles. .../...

Guidelines for Drinking-water Quality. Third Edition. 1st Addendum to vol.1

2006 ISBN : 9789241546744 Order number : 11501567

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

The First Addendum to Volume 1 of the Third Edition of the Guidelines for Drinking-water Quality provides a detailed list of all changes to the Guidelines that have occurred since the Third Edition was published in 2004. .../...

Health Aspects of Plumbing

2006 ISBN : 9789241563185 Order number : 11500666

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

This publication describes the processes involved in the design, installation and maintenance of modern plumbing systems. It recommends a number of plumbing system design and installation specifications that have demonstrated their validity from years of experience. .../...

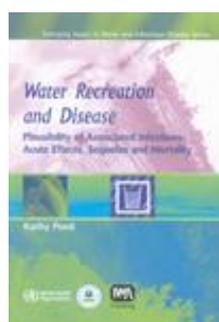

WHO Guidelines for the Safe Use of Wastewater, Excreta and Greywater

2006 ISBN : 9789241599122 Order number : 11500653

CHF 170,00 / US\$ 170,00 Developing country : CHF 119,00

The third edition of the WHO Guidelines for the safe use of wastewater, excreta and greywater has been extensively updated to take account of new scientific evidence and contemporary approaches to risk management. The revised Guidelines reflect a strong focus on disease prevention and public health principles. .../...

Water Recreation and Disease

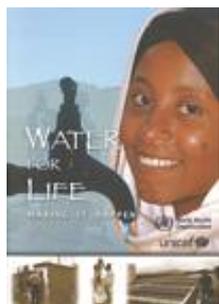

Pond, K.

2005 ISBN : 9789241563055 Order number : 11500647

CHF 130,00 / US\$ 130,00 Developing country : CHF 91,00

Worldwide, the popularity of recreational activities which involve contact with water is continuing to grow. Moreover, ease of travel and change in human behaviour has altered the use of water for recreational purposes. Users should be aware that recreational exposures to pathogens may result in disease. Susceptible populations including people with reduced immune function (e.g. .../...

Water for Life - Making it Happen

2005 **ISBN :** 9789241562935 **Order number :** 11500629

CHF 20,00 / US\$ 20,00 Developing country : CHF 14,00

Every day, diarrhoeal diseases from easily preventable causes claim the lives of approximately 5 000 people, most of them young children. Sufficient and better quality drinking water and basic sanitation can cut this toll dramatically, and simple, low-cost household water treatment has the potential to save further lives. .../...

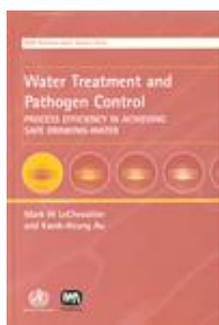

Management of Solid Health-care Waste at Primary Health Care Centres

2005 **ISBN :** 9789241592741 **Order number :** 19300208

CHF 10,00 / US\$ 10,00 Developing country : CHF 7,00

The objective of this book is to provide guidance for selecting the most appropriate options for safely managing solid waste generated at primary health care centres in developing countries. The main tool of this guide consists of six decision-trees aimed at assisting the user in identifying appropriate waste management methods. .../...

Water Treatment and Pathogen Control

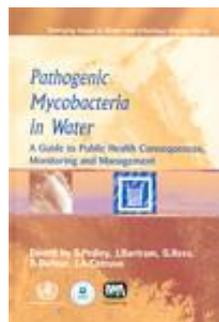

LeChevallier, M.W., Kwok-Keung, A.

2004 **ISBN :** 9789241562553 **Order number :** 11500563

CHF 50,00 / US\$ 50,00 Developing country : CHF 25,00

Contamination of drinking-water by microbial pathogens can cause disease outbreaks and contribute to background rates of disease. There are many treatment options for controlling pathogens from drinking-water. Finding the right solution for a particular supply involves choosing from a range of processes. .../...

List of WHO publications: Water Supply, Sanitation

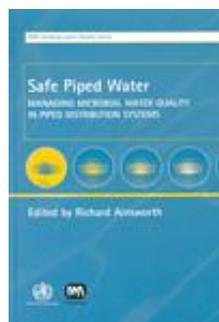

Pathogenic Mycobacteria in Water

Bartram, J., Cotruvo, J., Dufour, A., Rees, G., Pedley, S.

2004 **ISBN :** 9789241562591 **Order number :** 11500585

CHF 150,00 / US\$ 150,00 Developing country : CHF 75,00

Environmental mycobacteria can be found in diverse environments around the world and most appear to exhibit a saprophytic lifestyle. However, some have the ability to infect animals, birds and humans, and have evolved mechanisms by which they can invade and grow within host cells: the pathogenic environmental mycobacteria (PEM). .../...

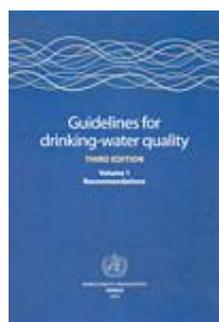

Safe Piped Water: Managing Microbial Water Quality in Piped Distribution Systems

Ainsworth, R.

2004 **ISBN :** 9789241562515 **Order number :** 11500557

CHF 70,00 / US\$ 70,00 Developing country : CHF 35,00

The development of pressurized pipe networks for supplying drinking-water to individual dwellings, buildings and communal taps is an important component in the continuing development and health of many communities. .../...

Guidelines for Drinking-water Quality. Third Edition.

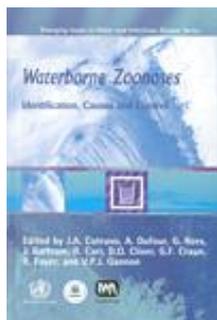

2004 **ISBN :** 9789241546386 **Order number :** 11500567

CHF 70,00 / US\$ 70,00 Developing country : CHF 35,00

This new edition of WHO's Guidelines for Drinking-water Quality provides a state-of-the art perspective on issues of water quality and health and on effective approaches to water safety management.

The Guidelines are used by countries world-wide as a scientific basis for standard-setting and regulation and are used extensively by professionals and local decision-makers. .../...

List of WHO publications: Water Supply, Sanitation

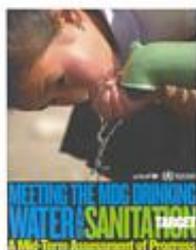

Waterborne Zoonoses: Identification, Causes and Control

Cotruvo, J., Dufour, A., Rees, G., Bartram, J., Carr, R., Cliver, D.O., Craun, G.F.

2004 ISBN : 9789241562737 Order number : 11500596

CHF 180,00 / US\$ 180,00 Developing country : CHF 90,00

A significant number of emerging and re-emerging waterborne zoonotic pathogens have been recognized over recent decades. SARS, E. coli O157:H7, and Cryptosporidium provide examples of zoonoses with waterborne routes of transmission. .../...

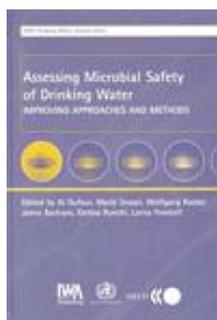

Meeting the MDG Drinking Water and Sanitation Target

2004 ISBN : 9789241562782 Order number : 11500605

CHF 15,00 / US\$ 15,00 Developing country : CHF 10,50

This report prepared by WHO and UNICEF provides water supply and sanitation coverage data for 1990 and 2002 at national, regional and global levels and an analysis of trends towards 2015. It is intended as a 'reality check' on how far we have come, and where we need to focus next, in order to fulfil our commitment towards the water supply and sanitation targets of the Millennium Development Goals.

Assessing Microbial Safety of Drinking Water

2003 ISBN : 9789241546300 Order number : 11500562

CHF 45,00 / US\$ 45,00 Developing country : CHF 31,50

Inadequate drinking water and sanitation are amongst the world's major causes of preventable morbidity and mortality. This book provides a state-of-the-art review on approaches and methods used in assessing the microbial safety of drinking water. It supports the rapidly emerging trend towards preventive management and a broader, system-wide outlook. .../...

Right to Water

SPECIAL PRICE OFFER

2003 **ISBN :** 9789241590563 **Order number :** 11500546

CHF 5,00 / US\$ 5,00 Developing country : CHF 3,50

The objective of this brochure is to raise awareness to the right to water as an important health and human rights concern.

Water is the essence of life and human dignity.

The right to water entitles everyone to sufficient, safe, acceptable, physically accessible and affordable water, and it must be enjoyed without discrimination by women and men. .../...

Water and Health in Europe

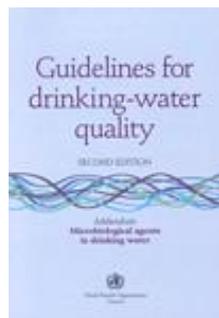

Bartram, J., Thyssen, N., Gowers, A., Pond, K., Lack, T.

2002 **ISBN :** 9789289013604 **Order number :** 13100093

CHF 50,00 / US\$ 50,00 Developing country : CHF 35,00

Although some aspects of water quality and supply have improved in some countries over the last decade, progress has been variable. Renewed emphasis is being placed on microbial quality and the acknowledgement of previously unrecognized and re-emerging microbial and other hazards. Many of the suggested solutions are as applicable today as they were a decade ago. .../...

Guidelines for Drinking-Water Quality

1997 **ISBN :** 9789241545037 **Order number :** 11503404

CHF 72,00 / US\$ 72,00 Developing country : CHF 50,40

A comprehensive guide to all practical procedures and technical measures required to ensure the safety of drinking-water supplies in small communities and periurban areas of developing countries. Now in its second edition, the book has been vastly expanded in line with broadened appreciation for the many factors that influence water quality and determine its impact on health. .../...

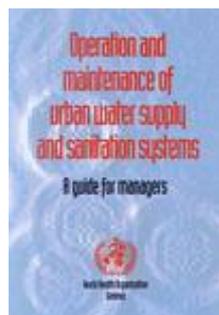

Analysis of Wastewater for Use in Agriculture

Ayres, R.M., Mara, D.D.

1996 **ISBN :** 9789241544849 **Order number :** 11500432

CHF 12,00 / US\$ 12,00 Developing country : CHF 8,40

An illustrated guide to the laboratory analysis of treated wastewater intended for use in agriculture. Noting that the use of wastewater for crop irrigation is becoming increasingly common, the book aims to help laboratories ensure that wastewaters intended for agricultural use comply with WHO guideline values for microbiological quality. .../...

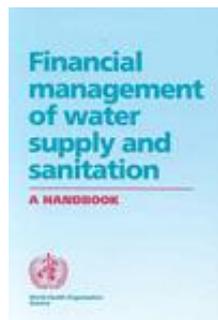

Operation and Maintenance of Urban Water Supply and Sanitation Systems

1994 **ISBN :** 9789241544719 **Order number :** 11500416

CHF 23,00 / US\$ 23,00 Developing country : CHF 16,10

Describes a systems approach to the operation and maintenance of drinking-water and sanitation services in urban areas of developing countries. Addressed to managers and other personnel with decision-making responsibilities, the book responds to ample evidence that poor management has had the greatest single negative impact on the quality of water supply and sanitation services. .../...
