

**ROLLING REVISION OF
THE WHO GUIDELINES FOR DRINKING-WATER QUALITY**

Document title: Guide to ship sanitation

Please respond as far as possible to the following questions and wherever possible provide references to information you cite.

Send by e-mail to gdwqshipsanitation@who.int before 10 January 2005

Does this text respond to an issue of concern? :

Does this text compete or complement other publications in the area - if so which?

Is the level of guidance and information provided appropriate?

Are there major omissions that should be corrected?

Is there superfluous information that could be omitted?

Are there errors of fact or interpretation that should be corrected - if so what?
