

The WBDD '09 experience in Nigeria was fun. Blood Drive Initiative organized a rally in Ladoke Akintola university of Technology osogbo on Monday 15/06/09 to commemorate the day. Prog started at about 9:45am. The minister of health's speech was read and we had a celebrity from Nigeria's movie industry, Nollywood join the rally. both members and donors came out to lend a voice to this cause. At about 11:00am, while we were on the rally, the clouds were let loose. it came pouring down but donors, members and our celebrity guest defied the weather to show their resolve.

*Keep it real, keep it tight; keep the fragrance up for Christ.*
