WHO Global Dialogue on Partnerships for Sustainable Financing of NCD Prevention and Control
Copenhagen Denmark 9-11 April 2018

PRELIMINARY PROVISIONAL AGENDA (ANNOTATED)
Dated 8 April 2018

Goal:
– To share information on existing and potential sources of finance and development cooperation at the local, national, regional and global levels and explore new opportunities for multi-stakeholder and multisectoral partnerships in order to catalyze action for effective national NCD responses.

Objectives:
– Assess the progress made since 2011 in exploring the provision of funding for national NCD responses through domestic, bilateral and multilateral channels, including traditional and voluntary innovative financing mechanisms
– Explore traditional funding patterns to mobilize resources for the prevention and control of NCDs through domestic, bilateral and multilateral channels, including international development cooperation
– Explore new financing streams to develop and implement national NCD responses for SDG 3.4, including blended finance, public-private partnerships, pooled funding structures, and innovative financing mechanisms
– Showcase concrete examples of mechanisms to mobilize resources and increase financing for national NCD responses
– Address new and emerging issues, and the synergies between financing SDG 3.4 and broader health systems strengthening efforts for Universal Health Coverage (UHC).
– Reinvigorate and strengthen the financing for NCDs follow-up process
Monday, 9 April 2018

14:30-16:30 | Partnership Forum 2: NCDs and mental health in emergencies: Beyond current financing
(Tivoli Congress Center, Arkaden 6 (second floor))

Key questions:
– What needs to be done to ensure the inclusion of NCD and mental health as part of humanitarian assistance? In terms of framing/advocacy, funding proposal and operational planning?
– What changes to current financing mechanisms are required to enhance the inclusion of NCD and mental health as part of humanitarian assistance?
– What positive steps are being taken by donors to ensure better inclusion of NCD and mental health as part of emergency responses?
– What can we learn from current emergency responses? What are the challenges? Success stories?
– How can donors and the global humanitarian community support the transition from emergency to recovery and support strengthening of national NCD and mental health programmes?

Chair/Moderator:
– Daniel Hugh Chisholm, WHO

Speakers:
– Sarah Harrison, International Federation of Red Cross Red Crescent Societies
– Representative of European Civil Protection and Humanitarian Aid Operations (TBC)

14:30-16:30 | Partnership Forum 4: Accelerating access to medicines and new technologies in low- and middle-income countries: Viable models for innovative partnerships
(Tivoli Congress Center, Pjerrot)

Key questions:
– What are the financial and non-financial barriers to the availability of appropriate NCD, quality-assured medicines and products (NMPs) in public facilities? (e.g. underfunding or under-budgeting, inaccurate demand forecasting, inefficient public sector procurement or distribution of medicines, lack of effective regulation for quality and safe use of medicines)
– How can the private sector be engaged to accelerate access to NCD medicines and new technologies in low- and middle income countries?
– What are the examples of successful public-private partnerships? Challenges? Success factors?

Chair/Moderator:
– Helen McGuire, PATH

Speakers:
– James Pfitzer, IFPMA*
– Soraya Ramoul, IFPMA
– Gerald Mutungi, Ministry of Health, Uganda
– Dorcas Kiptui, Ministry of Health, Kenya

11:00-12:30 | Plenary 6:
Multistakeholder and multisectoral action: A means to unlock financing for NCDs
(Tivoli Congress Center, Plenary Hall)

* Acting as a facilitator of technical session
Key questions:

- Public resources are not sufficient to overcome the NCD challenge. Incentives are needed for the private sector to support financing of national NCD responses. What is the role of public-private partnerships in mobilizing resources for effective national NCD responses? What are the success stories?
- While traditional funding patterns and public-private partnerships are critical for mobilizing resources internationally and domestically to curb the NCD epidemic, what innovative and alternative sources and partnership modalities for collaboration have also proven successful?
- How can public and private sectors come together to create a shared value for the achievement of common public health goals?

Chair/Moderator:
- Guy Fones, WHO

Keynote speakers:
- Grete Faremo, UNOPS
- Kristian Jensen, Minister of Finance, Denmark

Speakers:
