WHY CTF IS IMPORTANT

"The CTF project has enabled us to engage with all the different ministries involved in food safety and is helping to build connections between countries."

ATUL UPADHYAY
Nepal, CTF beneficiary country

"Investing in Codex through CTF leads to safer food, improved public health and greater access to international markets."

MARIE-ANGE DELEN
Netherlands, CTF donor country

"We are seeing the country level impact of CTF. Supported countries have strengthened their national Codex structures and are ensuring that Codex standards work for all."
