Solidarity Fund History:

In December 1995, after the Reduction in Force exercise, a group of staff decided to organize a Fair to collect funds for those colleagues who had lost their jobs. This is how it all started, a Fair was organized and has been organized every year ever since with lots of success. The Fair is not only a big party, it is also our yearly fund-raising event as we still need money. If any one of us has an emergency or is in financial difficulty, the Fund is there to help out.
