WHO: EB146 and WHA73: Development of a menu of policy options and cost-effective interventions to promote mental health and well-being: WEB-BASED CONSULTATION

The International Union of Psychological Science (IUPsyS) welcomes and strongly supports the Draft menu of cost-effective interventions for mental health, and the associated cost, health and cost-effectiveness estimates for the interventions.

The Union, which has a global network of national country Members, as well as international and regional Affiliates, is strongly committed to working with the WHO’s Department of Mental Health and Substance Abuse on the implementation of these policies and interventions, particularly those where a psychological approach is identified as an integral component of the goals and objectives.

Dr Ann D Watts
IUPsyS Secretary-General
