REQUEST FOR EXPRESSIONS OF INTEREST: 3 MONTH (PART-TIME) CONSULTANT CONTRACT

Support for cancer control under the Management of Non-Communicable Diseases Unit

25 July 2019

Aim of position:

To provide support for the development of the Global Report on Cancer. Additionally, to support development of cancer control tools including frameworks for cancer management.

Background:

The Noncommunicable Diseases Management Unit's main mission is to provide leadership and technical guidance for development, implementation, and evaluation of policies, plans and programmes for management of Noncommunicable Diseases (NCDs) including cancer, in collaboration with Member States and internal and external partners. The objective of the programme is to support delivery of the Global Action Plan for the Prevention and Control of NCDs and the delivery of universal health coverage including the strengthening of cancer control in the context of integrated approach.

Activities:

To provide support for the:

- development of Global Report on Cancer
- development of cancer costing and prioritization tool
- development of framework for the management of common cancers, including cervical and childhood cancers
- development of framework for monitoring quality of cancer management at health facility level

The expected start is 15 September 2019.

Contract duration: 3.5 months.

The contractual parties will be remunerated at a rate that is commensurate with their qualifications and experience.

Qualifications and Experiences required:

- A university degree in medicine with specialized qualification in cancer management
- Profound understanding of public health and experience in cancer control
- Experience in using epidemiological/statistical software
- Excellent writing skills
- English essential, spoken and written
Deadline:

Expressions of interest are to be delivered to Dr Elena Fidarova at: fidarovae@who.int on Tuesday 20 August 2019.
