The Partnership for Maternal, Newborn & Child Health (PMNCH) and the Ministry of Health and Family Welfare of the Government of India invite you to join 1,200 partners dedicated to the Every Woman Every Child (EWEC) movement and the achievement of the Global Strategy for Women’s, Children’s and Adolescents’ Health on 12 and 13 December, 2018, in New Delhi, India.
GET INVOLVED

- **Formal Partners’ Forum agenda (plenary and concurrent sessions):** The Partners’ Forum Programme Sub-Committee remains open to new partners to join; this is an important way of influencing the plenary agendas/speakers (six sessions), as well as the concurrent session development (20 sessions). Co-chairs are Lisa Hilmi, CEO of the CORE Group, and Pascale Allotey, Director of the Global Health Institute of UN University in Malaysia. 
  Enquiries only: partnersforum2018@who.int
- **Virtual Partners’ Forum programming:** There will be a Virtual Partners’ Forum kicking off in the two months before December, with partners invited to develop and lead webinars and other online interactive platforms (Twitter chats, webinars, etc.) in association with the Partners’ Forum. Topics must relate to key objectives and content areas of the Partners’ Forum (i.e., the six themes of the EWEC framework + cross-cutting topics on financing, leaderships, accountability, and cross-sectoral implementation). The Programme Sub-Committee is in the midst of agreeing on the overall programming approach – to be announced by early July.
- **Official side-events:** PMNCH will offer six slots on application for official pre-Forum side-events (two full days and four half). Side event applications will be opened when the conference website launches in July.
- **Unofficial side-events, organized independently by partners.** PMNCH can publicize invitations to these events through our community bulletin board for the Forum (attached to the Forum website, and summarized in our monthly Partners’ Forum e-blast).

PARTICIPATION

As with past PMNCH Partners’ Forums (Johannesburg 2014; Delhi 2010; Dar es Salaam 2007), participation in Delhi will be by invitation, prioritizing PMNCH’s 1,000+ partner organizations across 10 constituency groups. 

All partners are invited to take part virtually through a comprehensive digital platform for the Partners’ Forum.

HIGHLIGHTS

- **Keynote addresses:** Narendra Modi, Prime Minister of India; Michelle Bachelet, former President of Chile and chair of PMNCH; 
- **Invited participation of heads of state, ministers, popular champions, and partners from up to 100 countries;**
- **Launch of a special “Partners’ Forum” issue of The BMJ, with 12 “Success Factor” case studies, highlighting best practices and innovations taken to scale for improving women’s, children’s and adolescents’ health;**
- **Online interactive programming and dialogue through a multi-channel virtual broadcast paired with interactive discussion formats;**
- **Pre-Forum on-site and virtual side-events on 10-11 December;**
- **Film, music, animation and other creative arts to express the voice of women and girls, and what they want for their own reproductive and maternal health.**

STAY TUNED!

Online registration will open in late July 2018. A limited number of support packages will be offered to successful applicants, including young people and youth networks.
