YOUR VIEWS ON:
+ An updated updated Global Strategy for Women’s, Children’s and Adolescents’ Health and the Global Financing Facility

HASHTAG FEED
#Commit2Deliver
Synthesis reports: bringing feedback together

Global Financing Facility Synthesis Report (December 2014)

- Building long-term domestic financing for women’s and children’s health in the context of an updated Global Strategy for Women’s, Children’s and Adolescents’ Health.
- Mobilise additional financing for RMNCAH
- More and better RMNCAH harmonisation
- Commitment to building sound national plans and strong country leadership.
- Commitment to the importance of accountability
Building consultations from a proven model

- GFF consultation – December 2014
- 1400 participants – different constituencies and sectors
Global Strategy lessons learned & future priorities (January 2015 report)

- Equity, quality, access and coverage
- Country leadership, strengthened alignment
- Comprehensive continuum of care approach
- Clear human rights commitments
- Health systems strengthening
- Community-based working is critical to success
- Cross sectoral determinants of health
New directions for G.S. 2.0

Emerging consensus

- Every Adolescent
- Every Where – clear need to focus on Humanitarian settings
- Engage with health influencing sectors
- Human-Rights based approaches: grounded in dignity, quality, empowerment
- Refreshed approach to accountability

Ask the uncomfortable questions

Keep the focus on real lives, and what makes change
How can we be heard?
