Morbidity
Prevalence of health conditions in the Philippines 1990-2017

Prevalence of health conditions in the Philippines 1990-2017

Low back pain

Osteoarthritis

Functioning
What is functioning?
Seeing
Communicating Relationships
Hand and arm use
Eating
Work
Moving around
Why should we bother about functioning?
Increasing number of people are living with limitations in functioning
Infectious diseases

Ageing

NCD

Injuries

MORTALITY

MORBIDITY

FUNCTIONING
Functioning Continuum in Philippines

Functioning score

No limitations

Extreme limitations
Goal

Attainment by all peoples of the highest possible standard of health
Public Health Strategies

- PROMOTION
- PREVENTION
- TREATMENT
- REHABILITATION

Objective

- Health
- Morbidity and Mortality
- Mortality - Mortality
  Recovery
- Disease control

Functioning
Potential to have an impact at the population at large but ..
There are significant unmet needs for rehabilitation across all world regions, and in some countries more than 50% of people who require rehabilitation services do not receive them.

What needs to happen?
Integration
Along the continuum of care

Primary
Secondary
Tertiary
Community

Acute  Post-acute  Long-term
Primary Health Care
Prevalence of health conditions in the Philippines 1990-2017

Low back pain

Osteoarthritis

Equity

Everyone who needs rehabilitation receives quality services to optimize and maintain their functioning in everyday life
Universal Health Coverage

- Provision of **high-quality**, essential services for
  - Health promotion,
  - Prevention,
  - Treatment,
  - Rehabilitation and
  - palliation
  according to need

- Protection from **financial hardship**
Strengthening the Health System

Governance and leadership

Essential medicines and AT

Integrated and equitable rehabilitation

Financing

Health workforce

Health information system
Agenda

- Functioning

- Integration of rehabilitation at all levels of the health systems

- UHC and health system strengthening

- Technical tools

- Agree on actions to strengthen health systems for rehabilitation in countries

- Commitments to move the agenda forward
