The One Programme unifies the UN system under one national development strategy/plan, and is underpinned by integrated policy positions and services, and real-time monitoring through joint work plans.

The Common Budgetary Framework, with all planned and costed UN programme activities presented transparently in one place, provides a shared view of the UN’s contribution as a whole to the country.

The One Fund (optional) provides performance-based support to the UN’s integrated policy approaches;

The One Leader and the UN Country Team (UNCT) leadership, is based on mutual accountability, with an enhanced co-ordination function led by the Resident Coordinator, involving all of the UNCT in team leadership, to carry responsibility for the role and results of the UN in the country;

Operating as One provides options to build ever more cost-effective common operations and service support; and

Communicating as One facilitates coherent messaging and advocacy on normative and operational matters, and a consistent and team-ed up strategic dialogue with host countries.
