1. **Most road traffic deaths occur in low-income and middle-income countries**

- Over 90% of the world’s fatalities on the roads occur in low-income and middle-income countries, which have only 48% of the world’s registered vehicles.

*Road traffic deaths and registered motorized vehicles, by income group*

- Road traffic fatality rates in low-income and middle-income countries (21.5 and 19.5 per 100 000 population, respectively) are double the rates in high-income countries (10.3 per 100 000).
