Please join the World Health Organization Office at the United Nations at a reception to commemorate

WORLD HEALTH DAY 2019
Universal health coverage: everyone, everywhere

Thursday, 4 April 2019
6:00 – 8:30 PM
The Water Club,
500 E 30th Street, NYC

This year’s World Health Day theme is Universal Health Coverage, with the focus on the critical role of primary health care.

At least half of the world’s population does not have full coverage of essential health services and about 100 million people are still being pushed into extreme poverty because they have to pay for health care.

The reception will bring together UN Member States and partners to commemorate the day and to reaffirm commitments for achieving UHC by 2030.
