Presentation of European Union financed Action: “Migration of Health Professionals between Latin America and Europe. Analysis and Generation of Opportunities for Shared Development - MPDC”.

Presentation of the Iberoamerican Network on the Migration of Health Professionals – RIMPS

Organiser

Andalusian School of Public Health (Escuela Andaluza de Salud Pública – EASP). Leader MPDC team (EASP, PAHO/WHO and RIMPS, Iberoamerican Network on the Migration of Health Professionals, whose technical secretariat is managed by the Uruguayan Public Health Ministry)

Objective

This presentation will provide an introduction to work being done under the MPDC action. The action’s main objective is to contribute to more efficient management of the migratory flows affecting medical and nursing professionals in the Latin American and European Regions. Our work focuses specifically on generating and implementing managerial experiences in migratory flows that are based on bilateral agreements. It will contribute to enhancing the capacities of countries in the region to track migratory processes more adequately, assist in their management, improve human resource planning processes, and broaden the knowledge base on how migratory processes impact health systems.

Outcome

Presentation and improved visibility of the MPDC action; Presentation of the web platform; Presentation of the Iberoamerican Network on the Migration of Health Professionals – RIMPS; Presentation of the RIMPS work plan; Establish alliances and contacts with individuals and institutions of interest.
